Use the email address you used to
create your parent portal account.
The username and password are the
same.

Example: Username: parent1234@gmail.com
Password: parent1234@gmail.com

You will see all homework assignments posted in the My Announcements section

If you want to switch to another child, click your profile at the top right and then select Parent Dashboard.

Click the arrow to the right of the other child and then select Observe.

You will now be able to see homework posted in the My Announcements section of Blackboard for this student.
